Young Learners- LSI San Diego

LSI San Diego Young Learners' Program

International Summer Program for 13-17 year olds

Description

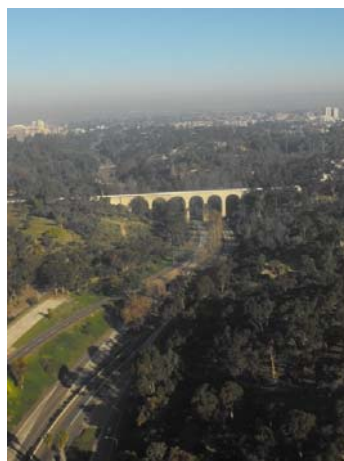

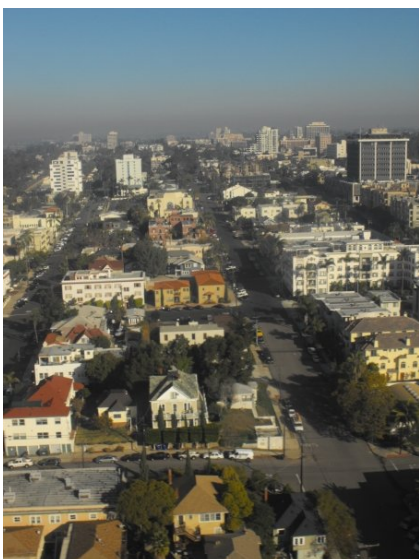

The LSI San Diego Young Learners' Program offers an excellent opportunity for students to develop their English skills, make friends from around the world and explore this Southern California city. It will be a summer experience they will always remember.

This course is based at our Young Learners' Center at our downtown LSI San Diego School. 16 and 17 year old students may be able to join our adult program. The program includes English Tuition, full board accommodation and an exciting social program with regular excursions and fun activities. Our students will get the chance to practice their English with students from around the world.

LSI San Diego

Our English language and activity courses offer the chance for juniors to study English and learn about American life in a safe, caring environment, at our school location that places a high emphasis on personal service. The school is a modern facility, and is located in a commercial area on the edge of downtown San Diego, and within easy reach of some of the famous attractions of San Diego, such as the San Diego Zoo, Sea World, Balboa Park, and the beaches. Our teachers are qualified and experienced at teaching English to school age students. They understand the challenges faced by young people staying in a foreign country away from their parents for the first time... and understand the concerns and worries of the parents as well! Classes take place in the mornings and have a maximum of 14 students. English tuition is provided for 20 lessons (of 50 minutes each) per week. The emphasis during lessons is on speaking and discussion skills. We aim to build up students' confidence and ability to use English through the enjoyable, 'real life' situations that we devise. Each student is graded and awarded a course certificate on completion of their course if all requirements are met.
