Language Studies International 2015 Accommodation in Riga

• Accommodation in Riga : Homestay

This is an ideal choice for students who wish to experience Russian daily life and practise the language in an informal atmosphere.

Host families live within easy access to the school and city centre and are usually located in Riga.

What does a typical Russian host family look like? Your hosts do not always mean a traditional married couple with children. Above all we look for someone who is sociable, likes to meet new people and can give a warm welcome to our students. Our host families talk to our students during meals, they are patient and understanding.

The hospitality and attention- you will receive in a friendly family atmosphere- will definitely help you to adapt more effectively to your new linguistic and cultural environment.
