We're passionate about language learning. That's why we're constantly reviewing the latest trends and methodology in the field.

Academic staff from every LSI school participate in the research and development of our programmes. We ensure that the latest theories of language learning are considered and tested throughout our centres.

That's why every one of our schools is a healthy environment for learning. It also means that our students benefit from a massive academic team based throughout 15 schools in 8 different countries. Developed and refined over the last 40 years, the following points are fundamental to our language learning system:

Language Immersion
At LSI we believe that the best way to learn a language is to study in the country where the language is spoken. We want you to immerse yourself in the culture or, as we say, ‘live the language’. This is the most efficient and satisfying way to learn the language, and remains at the core of LSI's language learning system.

LSI Levels
Upon arrival at any LSI school, we’ll give you a comprehensive language level test so we ensure you go straight into the right level for you. LSI levels have been closely matched against the Common European Framework, TOEFL iBT, TOEIC, IELTS and Cambridge English Language Assessment examinations. To move up to the next LSI level you need to master our specific 'level objectives', which you can demonstrate by test scores and class participation.

At LSI we understand that some students learn faster than others, so our course is tailored for you as the individual. Through systematic testing and teacher appraisal, the school academic director will track your progress and will identify exactly when you have mastered the level objectives and are ready to move up to the next level.

Latest Materials
We're constantly reviewing the latest materials available for language learning. We provide you with what our academic team have identified as being the very best course books currently available for your level. We are also committed to providing the latest technology inside the classroom. We utilise the most cutting edge audio, video and web based resources.

Online Resources/Distance Learning
We understand that the internet is making profound changes to language learning. That's why we're committed to building an online community of language learners.

We have developed and continue to build a series of online resources that mirror the week by week in-class programme at each of our centres worldwide. Although these resources cannot replace the benefits of language immersion or the unique experience in the school, they are a comprehensive supplement to our in-class programme and can be used independently for distance learning. You can follow our programme online before arriving at the school and you can continue studying after leaving the school. For more details on how we're using technology to expand our programme, visit our website.

Cultural Exchange
We are proud of and committed to the cultural exchange that happens within our centres. As you 'learn and live the language' you will gain a greater understanding of the country that you are studying in. And as our students come from all over the world, our centres are not just places to learn languages, but are also places to meet people from other backgrounds and cultures. This is why our students find our programme to be such an enriching experience.

Quality Teachers
We understand that our students' single most identifiable measure of programme quality is the teacher. That's why at LSI we only work with the very best teachers; experienced, highly motivated and qualified with country specific teaching credentials.

We have a systematic programme of teacher development and performance evaluation. All of our students are regularly invited to provide feedback so that we can ensure that your teacher meets your expectations.

Conditional letters of admission A growing number of colleges and universities in the UK, USA and Canada are offering conditional admission for international students. Conditional admission is perfect for international students who are academically qualified but need to improve their English skills before they begin their degree programmes.

How does conditional admission work? A student applies to a university or college and, if they meet the academic requirements, they are issued with a conditional letter of admission. This letter states which additional requirements are needed before the student can begin their programme. These additional requirements focus on meeting the English language requirements of the university or college.

Students at LSI schools in the UK, USA and Canada may receive conditional letters of admission for their chosen university or college which ensure them places on degree courses subject to completion of an LSI programme. Some of LSI’s partner universities in the USA and Canada accept LSI’s own levels as proof of English language ability; other institutions may require either IELTS or TOEFL iBT scores.

LSI can arrange a conditional letter of admission to your chosen university or college for you before you arrive. Once you begin your course at LSI, our academic team prepare you to meet the additional language requirements for your course and take you step by step through the application process.

*Not available in the UK
LSI’s English for Academic Purposes (EAP) programme gives you the skills in spoken and written English that you need to succeed at an English-speaking university or college. The programme is flexible and can be tailored to meet your individual needs.

Our EAP programme combines general English with specific modules in academic skills and exam English. The EAP programme includes a focussed grammar review and thematic units allow students to develop their academic reading and writing skills, as well as build their vocabulary.

ISY & Your Expectations
As ISY courses are anywhere from 24 to 48 weeks in length we expect our students to achieve excellent results.

The level reached after an ISY course depends on a variety of factors:
- Duration of the course – the longer the course, the better the results
- Number of lessons – often a more intensive course taken over a shorter period yields better results
- The language level of the students – the higher the language level, the more time it may take to advance to the next level

Final results will always depend on you, the student. Active participation in afternoon social activities, making new friends from all over the world, immersing yourself in the local culture, as well as speaking the target language as much as possible will have enormous results on your achievements.

**This is my second time at LSI Brisbane. I came back because it is a very good school. Both the teachers and the support staff are wonderful people.**

Olga Lucia Moreno Ramos, Colombia
Paris, the romantic capital of France, has been the country’s political and economic centre for over 1000 years. The city offers countless attractions, from the religious splendour of Notre Dame and Sacre Coeur to the architectural wonders of the Eiffel Tower and the truly world-class collections of the Louvre and the Pompidou Centre.

LSI Paris
Situated in a listed, 18th century building at the historical heart of the city, LSI Paris is right by the Louvre and close to the Place Vendome, the Opera and the sophisticated yet bohemian Saint-Honore district. The school is easily accessible by Metro, with Tuileries, Concorde, Opera and Pyramides stations all close by. Computer facilities, a common room and daily newspapers and magazines are provided for student use.

Social Programme
The social programme takes advantage of all the myriad attractions that Paris has to offer. Excursions to nearby Versailles and further afield to other parts of France are also possible.
Zurich

Zurich is ideally situated at the heart of Europe. The city’s picturesque historic centre is situated on the banks of the river Limmat. Over 500 bars and nightclubs as well as outdoor cafés provide ideal meeting places for visitors and residents. Zurich offers a wide choice of museums, theatres, and a highly acclaimed opera house. Sport enthusiasts don’t miss out on anything either, with hiking, river rafting, skiing, snowboarding and mountain biking all easily arranged.

LSI Zurich

Located in the popular Seefeld district, just 5 minutes from the lake and close to the city centre, LSI Zurich is a perfect departure point for exploring this most varied and refined of cities. The school has 9 classrooms, a modern internet café and a student lounge.

Social Programme

Our varied activities include scenic boat trips, school BBQs, cheese fondue nights, opera visits, excursions to other Swiss cities and the Alps, as well as sports activities and weekend trips to the surrounding countries of Austria, France, Germany and Italy.

Besides competent and enriching lessons, LSI Zürich organises a great leisure programme. The teachers are really cool and put across how fresh German can be!

Designed for parents who wish to combine a family holiday with their English studies, the LSI Family Programme allows parents to choose from a wide selection of adult courses while their children follow one of LSI’s specialised English for Juniors programmes. A unique opportunity to study English in separate, age-appropriate classes while holidaying together as a family, this course represents an unforgettable, shared experience.

Leisure activities and teaching methods are specially adapted to suit both adults and children, ensuring that the whole family will have fun while learning. This programme is offered at London Hampstead, Brighton*, Cambridge, New York, Toronto, Vancouver, San Francisco/Berkeley, Boston and San Diego. Qualifying age for the English for Juniors course varies from centre to centre - please check individual course details and dates. All of the above LSI language centres operate both adult courses and English for Juniors courses, with the exception of LSI Brighton.

*LSI Brighton Family Programme
LSI Brighton offers the Family Programme for students aged 5-15. Adults choose from the wide variety of General English courses at LSI Brighton while children study at a BISS operated summer camp programme based on the Dorothy Stringer Campus (Mon-Fri, 9.00-16.00), just 30 minutes by bus from the school. The camp includes a fantastic range of activities, English tuition (15 hours per week) and a daily hot lunch. Supervised transport can be arranged to and from the camp for an additional fee. This programme is available from July 28 to Aug 11 2014 (course ends Aug 15). Please contact LSI Brighton for more information, including accommodation options and availability.

Price per week per child: £380
Price per week including transport: £460

My teacher besides being competent and friendly, helped me practice and improve my English. I really felt at home. I had happy days and it was an experience that I won’t forget. I really recommend it to everyone!

LSI Courses for Professionals

LSI has over 40 years’ experience in professional training and specialised language courses. We offer a wide range of courses for individuals and small groups. We will design a programme to meet your needs, whatever they are. Our language trainers use the latest teaching methods and are skilled at assessing your needs. They will establish with you a detailed course plan to help you achieve your objectives.

One-to-One
- 20, 30, 40, or 50 individual lessons per week
- Beginner to Advanced levels
- 1 lesson: 45 minutes (in the USA and Canada 50 minutes)
- Courses begin: every Monday

Individual tuition is the fastest way to learn a language. Whether you need general or specialised language, each course is designed for your needs and adapted to your rate of progress. It is the perfect option if you have specific targets or limited time. It is particularly convenient for professionals and executives preparing for a trip abroad, or negotiations and presentations in a foreign language.

Our reputation for adaptability and flexibility means that your trainers respond to any further requirements you may have.

9 Day Compact Course
- 82 or 92 individual lessons
- 1 lesson: 45 minutes (in the USA and Canada 50 minutes)
- 9 consecutive days
- Courses begin: every Saturday

For people with special aims which must be met in a short space of time. Requiring just one week away from the office, this course is ideal for busy professionals and executives who need to prepare for presentations and meetings abroad. The course includes lunch with your teacher, giving you the opportunity to work on your social language - also vital in a business situation.

Mini Group
- 20, 30 or 40 lessons per week
- Participants: maximum 5
- Minimum age: 21 years
- Intermediate to Advanced levels
- Course length: 1-4 weeks
- 1 lesson: 45 minutes (in the USA and Canada 50 minutes)
- Courses begin: every Monday

This course combines general grammar and skills development with an in-depth focus on the language of business. The small, intensive group provides the ideal opportunity to practise negotiation, presentation and meeting skills in a realistic situation.

Intercultural awareness is important in global business and communication. The international mix of our courses and experience of our teachers provides the perfect forum in which to gain this valuable knowledge.

Mini Group Plus One-to-One
Designed to complement the Mini Group, Plus courses are individual lessons flexibly arranged when you need extra help on a specific area or want to increase your rate of progress.

Sample course plans:
- 40 Mini Group lessons + 5 One-to-One lessons per week
- 30 Mini Group lessons + 10 One-to-One lessons per week
- 20 Mini Group lessons + 20 One-to-One lessons per week
- 2 weeks Mini Group (40 lessons per week) + 1 week One-to-One (40 lessons per week)

The goals set with my LSI teacher have been entirely achieved: a tailor-made individual course with emphasis on speaking and pronunciation and useful business vocabulary and idioms.
