

Guidelines for administering the LSI test for UK Visa purposes*

Dear Partners,

Thank you for your support of LSI, particularly our UK schools. In order to ensure that we receive the most accurate results possible from this test, please make sure the test is administered in the following way:

- Test must be taken under test conditions – preferably supervised in your office. This means that they are to do the test in one sitting, without help from others, within the time frame. The person sitting the test must be the student enrolling at LSI (they must sign the answer sheets).
- Students may not use dictionaries or other reference books to help them with the test.
- The first four pages are the test – the last two pages are the answer sheets. Students should put all their answers on the answer sheets only. You only need to return the answer sheets to LSI.
- Time limit for the test is 90 minutes maximum.
- Not all students may be able to complete the test – if they can't complete the test, please return it to the school as is after their 90 minutes. It is expected that not all students will be able to complete all questions (it depends on their level).
- Once the test has been completed, please return it to the school where the student will be studying.

If you have any queries about this process please don't hesitate to contact us.

Please note that should we notice that the level of students on arrival at LSI is dramatically different to the level indicated by their test result, we may have to re-evaluate this process, and potentially discontinue this service. Please ensure that the guidelines outlined above are adhered to.

Thank you again and our best wishes

LSI UK schools

***The LSI test is designed to complement official, public examinations when making visa applications to the UK. The LSI test may be used as a replacement for public examinations where required, however, we accept no responsibility should the result of the LSI Examination not be accepted by the UK Border Agency.**
