LSI Family Course

LSI Family Course

Description

The LSI Family Course is designed for parents who wish to combine a family holiday with their English studies.

While parents and older children follow the course of their choice at LSI Brighton, younger children (ages 5-15) attend the Brighton Summer Camp, just 30 minutes by bus from the LSI Brighton School.

Brighton Summer Camp (BISS)

Established in 1984, Brighton Summer Camp specialises in English language and activity courses for young pupils aged 5 to 15. It offers the chance to study English and learn about British culture in a safe, caring environment, at a small friendly family run school that places a high emphasis on personal service. Lessons take place at Dorothy Stringer High School, a local British school which offers facilities for learning, sports, arts and other cultural activities.

Dorothy Stringer High School values its partnership with Brighton Summer Camp, and welcomes international students into their community believing such visits are of cultural and educational benefit to its own British students, as well as to their overseas guests. The school is large with fantastic modern facilities, and is located in a good residential area of Brighton, from where we also select our host families, and within easy reach of the city centre shops and beach. Brighton itself is a vibrant, exciting seaside resort, hugely popular with overseas students, under one hour by train to London and close to London Gatwick Airport.

Brighton Summer Camp teachers are qualified and experienced at teaching English to school age students and children, and understand the challenges faced by young people staying in a foreign country away from their parents for the first time... and understand the concerns and worries of the parents as well!

English Lessons

Brighton Summer Camp tests each student on arrival in order to place them in the best class for their age and level of English (from beginner to advanced). Each class is taught in the mornings by a qualified teacher, trained at an English university and experienced in teaching English to foreign students. Classes have a maximum of 15 pupils, and English tuition is provided for 15 hours per week. The emphasis during lessons is on speaking and discussion skills. We aim to build up students' confidence and ability to use English through the enjoyable, 'real life' situations that we devise. Each student is graded and awarded a course certificate on completion of their course.

Junior Programme (Ages 5-12)

Our Junior students are given many unique opportunities to mix with English children of the same age. Junior students are given free membership of the local holiday club, for children aged 5-12, also run by us. In this atmosphere, visiting children can learn English quickly and naturally. They can join with the local children after their formal lessons to enjoy sports, art and other fun activities and put their language skills to practical use.

Junior students are fully supervised throughout their school day (09.00-15.30) by qualified and experienced teachers. A hot lunch is included in the price. Additional optional services include one to one English tuition and the option to pre-book supervised transport from your accommodation to our school and back.

Teenage Programme (Ages 13-15)

Teenage students have the opportunity to participate in many activities (eg sports, drama, art). They will be able to meet other English students at the school as well as sharing the facilities along side of the junior and local English children on vacation, as well as other multi-national students from different countries. Sports activities and excursions are organised every afternoon and some evenings (eg disco). Hot lunch is included in the price.

Entrance fees are included. Optional extra mid-week trips to London can also be organised for shopping or sightseeing. For serious Teenage students, supplementary one to one English tuition can be pre-booked. Transport to and from home can be provided either by supervised transport or local bus pass.
