Language Studies International 2015 Accommodation in Playa del Carmen

• Accommodation in Playa del Carmen: Homestay

The city of Playa Del Carmen is located in the beautiful Riviera Maya, one of Mexico’s most scenic locations, where our accommodations are carefully selected to ensure you have the most comfortable and enjoyable stay. This is a truly breathtaking part of the world and it is a place which will really blow you away if you get to experience it in full, so make sure that you take the time to explore it as much as possible and see what you can discover as you go out and about around the local area.

- Our host families vary from young families to one or two retired people, all Spanish speakers.
- All families have been carefully selected in order to ensure that your stay be as pleasant as possible, and in Latin America you’ll find that the families warmly welcome students as one of their own.

- We will always try to accommodate students within 20-30 minutes from the School by walking or public transportation.
- Traveling with a friend? No problem: you can request to be placed in the same house if you so desire.

Flats are not luxurious, but they are always very comfortable and fully equipped. When you live in a shared flat, you will live with other international or local students.

Individual and double rooms are available, and flats vary in size. This option does not include meals, but every apartment is fully equipped with its own kitchen for you to cook.

It's a wonderful opportunity to make friends with other students from around the world and enjoy a greater degree of independence than with a host family.
