

# Course Overview

Course options: Tuition Only, Day Camp and Full Package.

## Tuition Only

This course is available to all age groups and in some centres is the only option open to our youngest students (6-11 years). Lunch is not included and students under 12 must be dropped off and picked up at the start and end of classes by a parent or nominated guardian. Students receive 20 language lessons per week (15 lessons on the New York Student Residence Programme). Lessons are 50 minutes long (45 minutes in London Ealing).

## Day Camp

This option includes tuition, lunch, weekday activities and a full day excursion at the weekend.

## Full Package

This option includes tuition, weekday activities and a full day weekend excursion. All meals are included and accommodation is provided in a homestay or student residence. Students staying in a student residence also participate in additional supervised evening activities. Accommodation starts on the Sunday prior to the course start date and ends on the Saturday after the course finishes.

## Junior Courses for Groups

All our centres accept group booking year round except for London Ealing which is a summer only centre. One group leader may accompany each group of 10–15 students for free (including transfers, accommodation and activities). Age ranges and maximum class sizes for closed groups are subject to negotiation with centre directors.
